About Me

I am a Computer Science graduate with a strong foundation in web development. I have hands-on experience building applications and continuously seek opportunities to expand my skills. I am eager to apply my knowledge in a professional setting and contribute to impactful projects.

Education

BSCS, SZABIST University, Islamabad	**2021 – 2025**
ICS, Roots International, Islamabad	**2019 – 2020**
O-Levels, The City School, Islamabad	**2018**

Skills

Frontend Development: HTML, CSS, Bootstrap, Tailwind CSS, React.js
Backend Development: MERN Stack (MongoDB, Express.js, Node.js)
Programming Languages: Python, C++, JavaScript
Version Control: Git

Work Experience

AI/ML Intern, ITSOLERA   *July 2024 – Sept 2024*

- Developed machine learning models, improving prediction accuracy by 20%.
- Conducted data preprocessing, EDA, and model building for multiple AI projects.
- Enhanced AI-based detection of bot profiles, reducing false positives by 30%.

Projects

Wham Bam Burgers | Live Demo | GitHub   *MERN Stack*

- Developed a fast food website with "add to cart" functionality.
- Integrated full admin control to edit menu items and update order status.

Madina Cold Storage Dashboard | Live Demo | GitHub   *React.js*

- Developed an interactive dashboard for inventory management and storage tracking.
- Created a cross-platform desktop version using Electron React.

Extracurricular Activities

Microsoft Learn Student Ambassadors (MLSA)   *SZABIST, Islamabad*

- Conducted a web development workshop on React.js to introduce students to frontend technologies.
- Served as a Creative Team Leader, managing design and promotional content for campus events.
